X-Ray Unit to Arrive in Bay; Set Up A Schedule for Entire Area

Observations...

By UDELL

We cannot see why a permit that has been issued in accordance with the law should be revoked. We must realize that now, with the highway in a new location, that land around it will be devoted to commercial buildings. It is only natural. If the beach is zoned, by the highway, other people down the road will say why not zone the rest of the highway up to the City limits. Then no one will be able to build a service station, praline shop, restaurant, tourist court or hotel on any of that land within the city limits. Wilson Weber, who has stated that "he has only the interest of the community at heart at all times," has always been an outstanding Christian citizen. He has agreed to stop building if suitable compensation can be made. We feel that he will stand by his word. His contributions to the Bay St. Louis Youth Center, amounting to approximately \$4,000, to the American Legion Home, to the Yacht Club and all civic enterprises, has added much to the community in which we live. From this record, we feel that he will not do anything now to hurt anyone. If the taxpayers are willing to spend thousands of dollars to have a comprehensive zoning law passed, it can be done; but, Mr. Weber's permit cannot be revoked even if a zoning law is enacted and a law for just a district or area cannot be passed.

A comprehensive zoning law will mean that if a building, already standing in a zoned area, is destroyed, the owner cannot build on that spot but must hunt for a new location.

It seems people of Bay St. Louis are being taken advantage of as far as the new bridge is concerned. The beach front, second street and Dunbar avenue were just mud holes all last week and even before. Those in charge of this construction haven't a care in the world as far as those who have to pass over these roads are affected. Repeated attempts to have something done finally brought about a temporary repair to the beach that will be just as bad if we have one more day of rain. Second street is a little better. Dunbar avenue is just about hopeless. Some people in Pass Christian are isolated. They have had no mail or milk delivery for a week and many of the residents cannot get to their homes. A tractor that was placed over there to help people through the slush has bogged and the wear and tear on automobiles on all of these roads is terrific. We are making an appeal to those in charge. Can't something be done to avoid recurrence of this discomfort? It has only been going on since the work on the approaches was started.

We would like to extend our sympathy to the family of Mrs. Edna Turcotte Bourgeois. Her sister, Miss Cecile Turcotte is Waveland news reporter for the ECHO.

We are happy to learn that our friend, Howard LeTissier, is showing a great deal of improvement. We wish him a speedy recovery.

Hancock County has made headlines again in the New Orleans newspapers. The type of publicity we received is not exactly what the Chamber of Commerce would approve.

The call-board is up for "The Voice of the Turtle." Try-outs will be held at the Bay St. Louis Little Theatre, Boardman avenue, Sunday, March 1, at 3:00 p. m.

"The Voice of the Turtle," a comedy by John van Druten, will be directed by Johann Craft. This successful play had one of the longest runs in American theatrical history, both on Broadway and on the road. Mr. van Druten is well known for his plays; his latest, "Bell, Book and Candle," is still playing in New York co-starring Lilli Palmer and Rex Harrison.

Although the cast is small, parts are choice. The male lead calls

Theatre Plans Sunday Tryouts

for an attractive man of 25 to 30 years of age. The female lead is young, not too sophisticated, in her early twenties. The female supporting lead is 30-ish, glamorous, and an ultra-smart woman of the world.

You need not be a member of the Little Theatre to try for any of the parts. Readings are open to the general public. Any one interested in trying, need only be at the Theatre at 3 o'clock.

Tentative plans for the second production of the 1953 season, inclusion "Affairs of State" which will be under the capable direction of Mrs. J. William Hill, Jr. The play, a popular production of several seasons ago on Broadway, was recently a successful production of Le Petit Theatre du Vieux Carre in New Orleans.

Pilgrimage Route Announced Here

The annual Spring Pilgrimage, which is sponsored by the Coast Council of Garden Clubs, will begin in Bay St. Louis, March 3.

This affair will include visits to some of the loveliest gardens in this vicinity as well as the hospitality of various citizens who help, each year, to make this event a success.

Beginning at 10:00 a. m. next Tuesday, the recreation house of the E. M. Brignacs, will be the scene of a coffee party, followed by a tour of the spacious grounds. From the home of the Brignacs the tour will make its way down Kiln Road, Al Voight's Oaklands where approximately 300 beautiful camellias with 86 varieties and several hundred azaleas will be seen in addition to palms, bamboos, mimosa and various ornamental plants and shrubs under large live oaks.

At noon the entourage will meet at the Bay-Waveland Yacht Club, where lunch will be served at a nominal cost. Continuing on, St. Augustine's Seminary will be next on the route, where the prize-winning camellias of Father Baker will be viewed as well as the shrine which graces the garden. During this tour a number of the students at the Seminary will sing spirituals. These boys are famous in this area for superb vocal coordination.

At the end of the tour the magnificent grounds of Dr. Emmett Irwin, called Darwood-on-the-Jordan, will be visited. Over many other acres are spread cotton, less azalea plants which will be in bloom, camellias, iris, and various flora. This estate is situated on a bluff overlooking the Jordan River.

The Pilgrimage will continue over a period of five days, in which Pass Christian, Long Beach, Gulfport, Biloxi and Ocean Springs will be included. This Pilgrimage is comparable to other programs of its kind throughout the state.

One can include all five tours in the routine or visit the places of most individual interest, but all are urged to take part in the local tour.

Reservations for the luncheon should be made through Mrs. Leo Seal, phone 164, or Mrs. Charles Deyer, 437 not later than Mar. 1. A nominal fee will be charged for the luncheon although the remainder of the entertainment is free.

At a joint meeting of the Board of Trustees with the Mayor and Commissioners, recently, it was decided to go forward at the earliest possible date with the construction of additional school facilities for the Bay St. Louis Public School.

There has been allocated by the Federal Security Agency \$27,724.00 also \$12,000.00 by the State Building Commission making a total of \$39,724.00 for the construction of a six room elementary building for whites at the Central School.

It is also planned to include a vocational shop and remodeling of the lunchroom at Central School to meet the State requirements for a standard lunchroom. Since the local colored school is sorely in need of an auditorium and

gymnasium and a lunchroom, also additional classrooms to permit the teaching of some type of vocational shop work to the students in the colored school, the Board is making application to the State Building Commission for aid in the addition to the Valena C. Jones school in the amount of \$38,000. The State has set up funds for construction of colored schools on the basis of 66-2/3% from the state with local authorities putting up 33 1/3% of the cost. It is necessary that local funds be made available before securing the State funds for construction.

The Board of Trustees feel that it is economy to build the necessary buildings while State aid is available rather than wait until it would be forced to build same

on all local funds. The Board is certain that in case the State should go into a building program as recommended by the Special Recess Committee for considering at a special session of the legislature, that they would still be able to share in this program inasmuch as the bill as presented to the Governor to be submitted to this special session provided that: No. 1, Funds may be used to build new buildings. No. 2, To repair existing buildings. No. 3, To apply on the payment of school bonds previously issued.

Due to the urgency of this matter the Board feels that they should go forward at once in the construction of these facilities.

CITIZENS' GROUP SEEKS ZONING LAWS FOR CITY

To Launch 1953 Red Cross Drive

Your Red Cross 1953 Fund Campaign Chairman, Lambert Boyd Jr., announces that the campaign will get underway March 1, and will continue for at least one month or until the quota has been reached. Every person in Hancock County is urged to greet the Red Cross workers who will call on them with courtesy and to contribute as much as possible to this worthy cause.

All campaign chairmen and workers who have been contacted are reminded of the meeting to be held in the Courthouse at 1:00 p. m. Friday, February 27th. Please be present or, if you cannot attend, contact Mrs. Weston, Executive Secretary of the local chapter, so that she can be assured of your continued interest and activity.

The following is the slogan, together with a few facts concerning the 1953 Red Cross Fund Campaign.

ANSWER THE CALL

The Red Cross is the heartbeat of America. It enables all of us to express the universal desire to help a less fortunate neighbor wherever he may be. There is an ever-growing need in these troubled times for the distinctive services of the Red Cross, given freely by people of good will.

It takes people to help people. A family crushed by disaster needs aid to rebuild its torn-down home. A tired doctor calls for blood to save a sick child's life. A soldier in Korea anxiously waits the reassuring word that his wife's recovery from illness is certain.

YOU - the people of America - answer these calls for help last through your RED CROSS.

A tired doctor calls for blood to save a sick child's life. A soldier in Korea anxiously waits the reassuring word that his wife's recovery from illness is certain.

YOU - the people of America - answer these calls for help last through your RED CROSS.

A tired doctor calls for blood to save a sick child's life. A soldier in Korea anxiously waits the reassuring word that his wife's recovery from illness is certain.

YOU - the people of America - answer these calls for help last through your RED CROSS.

Some 1,825,000 of you served as active RED CROSS volunteers. Over 37,000,000 of you became RED CROSS members. Your outpouring of time energy and money made RED CROSS service possible.

In the year just ahead the need will be as great as ever. The stricken, the uprooted, the troubled will call again and again for the help they must have. The help that only people can give.

And the American people will meet that need... through their RED CROSS... as they always have. They can be depended upon - this year, as always - to answer the call!

J. Cyril Glover in a letter to the bond owners stated that "Pursuant to Section 2 of Resolution authorizing the issuance of \$196,000. Gas Revenue Refunding Bonds under date of December 12, 1941, you are hereby notified of our intention to redeem bonds numbers 148 to 176 inclusive at the June 1, 1953, interest payment date, totaling \$29,000.00 plus interest."

Mrs. S. Bourgeois Expires at Home

Mrs. Edna Agatha Turcotte Bourgeois, 39, died at her home on Bordages Lane, Waveland, Wednesday, February 25, at 10:25 p. m.

Mrs. Bourgeois, who was born December 22, 1913, was the daughter of Cecile Carrio and Walter Turcotte. She was the wife of Sidney Bourgeois of Waveland. She was an active member of the American Legion Auxiliary, having served as president of that organization for several years.

Funeral services will be held from the Fahy Funeral Home at 9:30 a. m. Saturday, February 28, followed by requiem Mass at St. Claire's church at 10:00 a. m. Interment will be in Waveland cemetery.

In addition to her husband and parents, Mrs. Bourgeois is survived by a daughter, Edna A.; five sisters, Mrs. Jacob Schwander of New Orleans, Cecile, Evelyn, Mary Margaret and Shirley of Waveland; and a brother, Walter Jr., student at Mississippi State College.

—Ensign J. D. Creed, U. S. N., flew home over the weekend to be with his family, and his mother, Mrs. Georgia Creel, on the occasion of her birthday.

Mrs. Lillian Ladner Fayard first operator in the Bay St. Louis office to retire, is shown above with W. H. Gardiner, traffic manager from Hattiesburg, who presented Mrs. Fayard with an eight-diamond retirement pin, representing 40 years of service.

The presentation was made Wednesday, February 18, at the Southern Bell Telephone and Telegraph office in Bay St. Louis.

A leather identification folder was also presented by Mr. Gardiner and a framed Pioneer Life Membership certificate was given Mrs. Fayard by J. A. Bethune, District Plant Manager of Hattiesburg and president of the Magnolia Gulf Chapter.

Mrs. Gardiner, in congratulating Mrs. Fayard on her long term of service to the Telephone Company and the public, said that she "is the only person retired in Bay St. Louis with full retire-

ment in the history of the company." She spent 40 years in the local office.

He also mentioned the fact that Mrs. Fayard, who has 40 years service, has a brother, D. L. Ladner of Hattiesburg, who has been employed by the Company for the past 34 years, and a sister, Mrs. James, who has been employed here by Southern Bell for the past 33 years.

A centerpiece of iris, tulips, painted daisies and greenery, was used on the table; a green and white cake with "Congratulations Lillian" on top was served with punch.

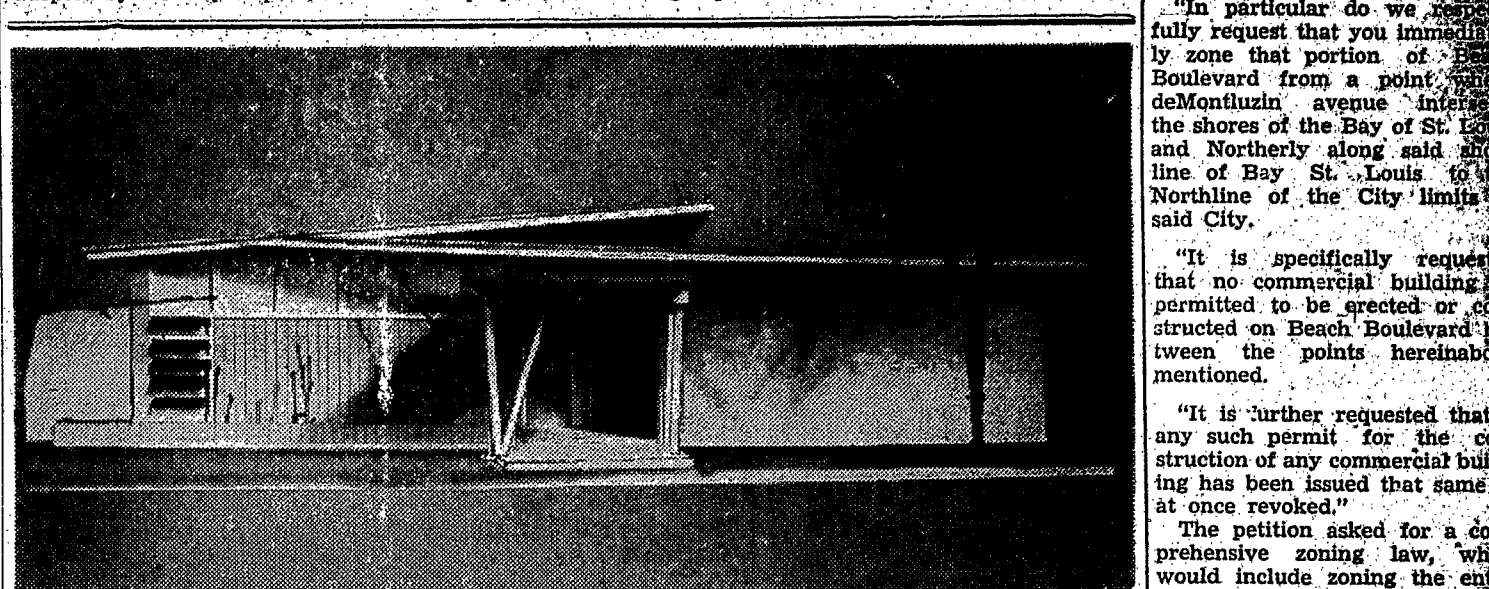

In addition to the members of her family and her co-workers, others attending were C. C. McInnis, District Commercial Manager, Hattiesburg, and William Mathershead, retired plant department.

A group of citizens met Monday, February 23, at the City Hall to discuss zoning laws for the City of Bay St. Louis. The desire for zoning laws was brought about when Wilson Weber applied for, and received, a permit from the City of Bay St. Louis to erect a building on a piece of land located on the beach front at the head of the new bridge.

These citizens, who feared that an erection of a commercial site might injure the value of their property, got a petition to secure zoning laws; it was signed by 163 persons; some of whom have since indicated that their names be removed.

Mr. Weber, who secured a permit Wednesday, February 19, to erect a building for the purpose of selling ice cream products, was represented at the meeting by his attorney, Robert J. Genin.

The petition, which was circulated, read as follows: "To The Honorable Commission Council of the City of Bay St. Louis: We, the undersigned residents of the City of Bay St. Louis, Mississippi, do hereby respectfully request that a comprehensive zoning ordinance be adopted by the City to protect residential property from being depreciated by commercial property."

"In particular do we respectfully request that you immediately zone that portion of Beach Boulevard from a point where deMontuizn avenue intersects the shores of the Bay of St. Louis and Northernly along said shore line of Bay St. Louis to the Northline of the City limits," said City.

"It is specifically requested that no commercial building be permitted to be erected or constructed on Beach Boulevard between the points hereinabove mentioned.

"It is further requested that any such permit for the construction of any commercial building has been issued that same be at once revoked."

The petition asked for a comprehensive zoning law, which would include zoning the entire City of Bay St. Louis; and at the bottom of the same instrument it was requested that only a certain part of the Beach front be zoned. It was pointed out by Dan M. Russell, City Attorney, that a certain section of a City could not be zoned, but in order to get any zoning at all, a comprehensive zoning law would have to be passed and enforced at an unusually large expense to the City.

Paul Gaudet, spokesman for the citizens group stated that they did not want to interfere with existing businesses, but wanted to protect residential property in the area of the beach now considered residential.

Mr. Genin, who said that there was no existing ordinance prohibiting construction of a building on Mr. Weber's lot adjacent to the new Highway 90, added that an ordinance is only valid when it is for the protection of property or for the health and morals of a community. He cited several cases where the Supreme Court ruled that a man had a property right and had the right to use it as long as it did not affect the health and morals of a community.

The Council said that at one time this area, which was under consideration, was considered residential, "but," he continued, "one of the most commercial things ever to be constructed has been placed there—Highway 90. All highways are used for commercial purposes; therefore, it has automatically been transferred from a residential to a commercial section."

Mr. Genin concluded by saying that any ordinance passed before the issuance of a permit is valid; but any ordinance revoking a permit after construction has started would place the City open for libel.

Mr. Russell, in speaking for the City said that zoning cannot be done in a piecemeal fashion, or by districts, but has to be a comprehensive zoning of the City and must be constructive for the City.

Mayor Warren J. Carver said that an ordinance was passed April 15, 1926 requiring publication of notice of issuance of a permit so that all objections can be heard; according to the Mayor this law was still in effect.

Further search by the Commissioners showed that this Ordinance was repealed by the City Council May 3, 1932. Two ordinances pertaining to building permits were written, and both were repealed at this time.

Mr. Russell concluded that a permit could not be revoked after issuance except through fraud and misrepresentation.

At the conclusion of this meeting, it was agreed that Mr. Weber, who explained his position in this case before the gathering was adjourned, his counsel, the City Commissioners, Mayor Carver, City Council, Mr. Gaudet and any other representatives from his group meet Tuesday night, Tuesday night, in addition to those mentioned above, Norman Renshaw, Sam Whitfield and W. B. Balfar attended the meeting. They tried to reach a solution to offset Mr. Weber's intention to build this property and wanted to know what he would accept for this land.

He said that he would accept a location, with the property, from a commercial point of view, as he "was not trying to make a profit," Mr. Weber advised that "the property" was not for sale; however, that if a solution was reached, the matter, that those on his plane would furnish him a like piece of commercial property having asset value and being adaptable to "business."

City Retires \$29,000 In Bonds

The City of Bay St. Louis has called in bonds in the amount of \$29,000.00, plus interest, that were not due until 1966, for payment.

Bond numbers, 148 to 176, inclusive, which are owned by the Royal Neighbors of America, Rock Island, Illinois, constitute the remaining 29 bonds which are callable for redemption at the option of the City of Bay St. Louis.

J. Cyril Glover in a letter to the bond owners stated that "Pursuant to Section 2 of Resolution authorizing the issuance of \$196,000. Gas Revenue Refunding Bonds under date of December 12, 1941, you are hereby notified of our intention to redeem bonds numbers 148 to 176 inclusive at the June 1, 1953, interest payment date, totaling \$29,000.00 plus interest."

baseball should report to the Scout House in the rear of Our Lady of the Gulf Church after school, Thursday, March 5.

Those rookies who have already asked to play are J. Seuzeneau, S. Seuzeneau, R. Artigues, R. Benigno, A. Genin, L. Favre, S. Favre, T. Stéchmann, R. Morreale, R. Monti, F. Rapiere, R. Cuevas, P. Glover and W. Carver.

There is plenty of work in store for these boys, for their first game will be played here against the T. C. Amusement Co., of New Orleans on Sunday, March 29th, at the new Jr. Baseball Park now under construction behind Ray's Drive-Inn. The date is tentative.

Plans for a Youth Center, complete with adjoining outdoor playgrounds, are well underway at Kiln. A building committee has been formed by citizens of the Kiln and surrounding area, and already some \$3,500.00 has been secured.

The Youth Center will be situated on the Catholic Church grounds at Kiln and will be under the direction of Father Charles and Father Ernest, Members of the Missionary Servants of the Most Holy Trinity, and the Sisters of Missionary Servants of the Most Blessed Trinity.

Plans call for a metal building, some 40 ft. wide and 80 ft. long, constructed on a concrete sub-base with wood floor. Building costs are estimated at \$15,000, plus \$5,000 for equipment. Facilities for all type of recreation are planned. Motion pictures, skating, dancing, ping pong and other indoor games are planned. Outdoor recreation facilities will complete the Center's plans.

Brother Walter of the Missionary Servants of the Most Holy Trinity, attached to St. Joseph's Shrine, Stirling, New Jersey, has been in the area for the last 60 days assisting Fathers Charles and Ernest in getting this worthwhile project underway.

The drive for funds is underway and it is hoped that construction can be started soon after May 1st.

Reading from left to right, standing are Brother Walter, Father Ernest, Father Charles, Sr. Agnes John, Sr. Mary Ellen, Sr. Joseph Francis, Mr. and Mrs. Kottwitz. Seated are left to right, Norton Haas, Marvin Bobinger, George Curet, Fred Curet and James L. Crump. Other members of the building committee who could not attend this meeting were Mrs. W. Horace Williams, Rita Cue, Walter Gex, Walter Phillips, Mr. and Mrs. H. G. Koch, Mrs. Kenneth Pepperdine, Mrs. Joseph Bernard, John Bacon, George Heitzmann, Alden L. Mauffray, Nellius Rhodes, E. J. Arceneaux, Sr. John Eglott, George diBenedetto, Albert Necaise, S. S. Moran, Jack Lott, L. H. Necaise and Sam Favre, Sr.

On March 2 the Bay St. Louis Junior Baseball team starts training for the coming year, again under the general direction of Rev. Hugh Taylor. Jerry Kiefer and D. J. Rus are the managers and Gerald Gex is executive assistant to the general manager.

On Monday, March 2nd, the veterans of last year's team will turn out to register for spring training.

They are K. Artigues, Hendrickson, W. Gex, D. Stang, T. Kidd, L. Mathes, E. Landers, W. Rhodes, S. Rhodes, M. Godwin, H. Jacobi, L. Jacobi, Loiacono and R. Ferry, R. Strong, T. Johnson and E. Blaize.

Alane Johnston and Joe Hill of Miss Ming's grade are out because of mumps.

Miss Russ' fifth grade has a new student, Hershal Prayton, from Houma, La.

Mrs. Tyler's fifth grade will present a program this Friday morning. The first number on the program will be three songs, "Dixie," "Oh Susanna," and "Old Folks at Home," sung by O'Neil Bennett, Melvin Barge, Kenneth Lader, Dolphus Shiyon, Tommy Fletcher and Earl Oliver. The second number will be a comedy, "The School Clown," which takes place in a fifth grade classroom. The characters are, Announcer, Dennis Tartavouille; Miss Stone, Barbara Taylor; Miss Cissus, Linda Sharp; Mrs. Maple, Joan Favre; Harry, Bobby Williams; Henry, Russell Wilson; Oliver, Elliot Necaise; Gladys, Glenda Poyadou; Phoebe, Elizabeth Rauxer; Students, Sylvia Johnston, Anna Mae Triana; Curious, Larry Necaise.

Section A of Miss Spotorno's third grade has been greatly interested. They have performed simple experiments and are now collecting specimens.

The Bay High varsity basketball players traveled to New Orleans Tuesday night and saw the Mississippi Southern's "swamp" Louisiana's Wolfpack by a score of 84 to 70. The game was in the Tulane gymnasium and it was highlighted by the fine playing of Nick Pevon, Jack Gallagher and Tam "Whiz" Bishop. Those making the trip were: Billy James, Mike Murphy, Tommy Holden, Charles Tartavouille, Donald Cole, Donald Strahan, Larry Landrum, Clayton Adams, Leroy Blackmon, Kent Seltzer, Ray Dawsey, Billy Burrow, Coach Nobles, Coach Ladner and Jimmy Lowrey.

The Picayune Junior Chamber of Commerce is once again sponsoring the Annual Hancock County vs. Pearl River County All Star Basketball games. These contests, both boys and girls, will be held in the Picayune High gym Friday night, February 27. The girls' game will begin at 7:30 p. m. and will be followed immediately by the boys' game. The participants for this All Star Contest will be senior basketball players from the various high schools from the two counties. Boys representing the Hancock County All Stars are Mike Murphy and Donald Strahan from Bay High; Ezell Lee and Joe Thrash, Sellers; James Ladner, Dedaux; Junior Orr, Kili; Bill Erickson, Al Conque and Bobby Falgout from Stanislaus. Girls representing Hancock County will be Shirley Noto, Kitty Schick, Karen Kerogian and Honorine Danphino of S. L. A.; Charlotte Anderson, Sellers; Beverly Maufrey, Rita Favre and Jeneane Lee of Kili; Norma Johnson and Barbara McArthur from Bay High. The two teams will be coached by

B. R. Nobles and Nelwyn Boydston of Bay High and all contestants will leave from the Bay High gym Friday evening at 5:30. Transportation will be furnished.

The Hancock County Junior High basketball tournament will be held Thursday, Friday and Saturday, March 12, 13 and 14 at the Lakeshore gymnasium. The following teams will participate: Leflore, Lakeshore, Waveland, Kili, Bay High, Sellers, S. J. A., Dedaux and Logtown.

All students who were enrolled in Bay High school in grades nine through twelve prior to January 1953, have been tested in regard to their reading ability. Each test has been individually and carefully analyzed. A profile sheet showing the student's strong and weak points in reading has been completed and is now filed in his individual cumulative folder. The results of these tests reveal that Bay High school population compares favorably with schools in the nation in reading ability. While some students read on a plane high above their grade level there are some who are not as fortunate. These tests were administered for the purpose of aiding teachers in helping students learn to read more effectively. This program is being extended to the elementary grades and as soon as time permits cumulative record folders and a complete testing program covering the entire school will be put into effect.

It is regrettable that our band leader, resigned; however, the band and chorale groups have been organized by the principal using student leadership, and it is felt a minimum amount of time will be lost while a new band director is selected. Under the leadership of the band president, Keith Tonkel, the band is going ahead with its work and Janet Dorn is doing an admirable job of carrying on with the chorale group. Bay High is extremely proud of this fine spirit of cooperation.

C. of C. Board Meets

The Board of Directors of the Hancock County Chamber of Commerce met Wednesday evening, February 18, with O. W. Delph, president, presiding.

Many civic projects, including one that will require the cooperation of the citizens in the community, were discussed. The main project under consideration was ridding the community of mosquitoes by use of the sprayer, with which the people are familiar, and know the good results that are obtained from use of same.

The new membership plaque of the C. of C. will be mailed to members in the near future.

HUTTO TO OPEN BOAT YARD ON WOLF RIVER

A. C. Hutto of Gulfport recently purchased a large tract of land consisting of approximately 95 acres bordering Wolf River and Arcadia Bayou, the situation of the land being north of the Wolf River (Adams) bridge. It is understood that Mr. Hutto plans to build a large and modern boat building and repair yard on this location.

ANGUS MACNIDER PASSES AWAY

General and Mrs. Hardford MacNider, present owners of the Godchaux Estate in Pass Christian, were recently informed of the sudden death of their son, Angus MacNider, a student at Ames College. The MacNider family resides in Mason City, Iowa.

LANG ATTENDS REALTORS MEETING

When the state meeting of the realtors' Association of Mississippi was held in Jackson Monday, E. A. Lang, president of the Gulfport Realtors' Association was in attendance. Others from this area going to the meeting were Hunter Kimball, secretary from the Gulfport association, and Gilmer and Phil Apfel.

Of primary importance at the meeting was a discussion of how Mississippi might better organize in order to promote a better system of handling real estate transactions within the state.

HIGH PERCENTAGE SCHOOL ABSENCES PUBLIC SCHOOLS

According to Prof. W. S. Van Landingham, students absent from high school this week ran exceptionally high. On Monday 41 students were absent. Enrollment is only 156 students, and average number of absences runs about 10 daily.

Grade school absences also ran high with 17 out of 29 pupils enrollment in the first grade absent.

No epidemic of disease has been reported and the only explanation offered has been "bad weather."

MATHIS MOVE TO BAY ST. LOUIS

Mr. and Mrs. Bish Mathis, who have resided for a number of years at 510 East Beach, will move in the near future to Bay St. Louis where they have a home on deMontluzin avenue. The cottage in which the Mathis now live is owned by Edgar Bohn and will have to be moved in order to make way for the new 4-lane highway.

Jo Ann and Diane Saucier,

one of the oldest settlements in the South having been discovered by d'Arville, French explorer and colonizer, in 1699. It was named in honor of Christian L'Admirer, who traced the connecting pass between the mainland and Cat Island.

Last year 500 visitors from California to New York, Mexico to Canada, attended the tour of homes and gardens. Anyone without transportation should meet at the Miramar hotel between 1:00 and 1:30 p. m. where a motor corps will provide rides. This hotel bears the distinction of being on the same site as three other hotels and two schools in the past. One of the former hotels, the Montgomery, was established before the war between the States.

The garden of Mr. and Mrs. George Smith, 1102 West Beach, offers native shrubs and plants carefully labeled.

Middlegate Japanese Gardens owned by Mr. and Mrs. Rudolph Hecht, has been in the making for over 25 years. It is Mrs. Hecht's conception of a formal Japanese garden, following her impressions gained during a prolonged visit in Japan. It emphasizes lovely vistas, and has many points of interest, both floral and architectural. There is a sunken tile patio, passed by an unusual winding swimming pool of irregular construction, about 500 feet long and varying in width from 27 feet under the graceful bridges to over 45 feet. The pool is fed by an overflowing artesian well and is surrounded by semi-tropical and oriental plants. It becomes an oriental fairyland at night when lighted by copies of original lanterns.

Trinity Episcopal Church, built in 1848 of native cypress and of Gothic architecture, stands amid ancient moss-draped oaks. Tiffany of New York made the beautiful stained glass windows, given over a long period of time as memories. A pipe organ with exquisite chimes will be played during the tour. There will be a display of antique silver, and tea will be served in the Parker Memorial Parish House adjoining the church.

A typical Gulf Coast home, over a century old, belonging to Mr. and Mrs. Richard Hammett, will be another historical point of interest. It is beautifully decorated, and the lovely antiques are both valuable and livable.

The Randolph Colored School will open its doors with special singing in the patio, which is maintained by the Azalea Garden Club.

St. Paul's Catholic Church on East Beach will have special music on the Hammond organ throughout the afternoon.

The War Memorial Park, facing the Mississippi Sound on East Beach, is a place of quiet beauty with an avenue of ancient oaks and delightful walks. A pilgrimage information booth will be stationed there.

The home of Mrs. Allen Randall, 767 East Beach, is known as the Dixie White House because President Woodrow Wilson and his family vacationed there in 1913. Mrs. Randall's studio downstairs will be open with an exhibit of her interesting and unusual paintings.

The Pink Cottage of Mrs. Harry Kilpatrick, filled with a collection of glass, mirrors and furniture will be last on the tour. In the late afternoon, from four

Show How to Cut, Balance 1954 Budget

Congress can balance the 1954 budget if it uses the means available to it, a study provided the Council of State Chambers of Commerce in Washington, to the Mississippi Economic Council, which maintains a research office on governmental topics. In the study, it listed four general approaches open to Congress, to assure cutting \$10 billion out of the \$78.6 billion budget proposed by President Truman.

If the \$10 billion reduction can be made, it will save Mississippi taxpayers approximately \$50 million dollars, since the state is estimated to pay one-half of one percent of the total federal tax bill.

Hancock County, which is estimated to pay 44.56 per cent of the state's total tax bill, would save \$222,800 if the \$10 billion reduction is made, the study reveals.

The four avenues available for reaching the goal include cutting new appropriation requests, reviewing unexpended balances of funds for defenses with a view to rescinding money for things not absolutely essential, modifying or repealing laws which commit the Government to expenditures which are not controlled through annual appropriations and setting an overall limit on expenditures within the amount of anticipated

But Do You Understand WHAT God Told Us?

Almost everybody believes there is a God. But there is a big difference of opinion as to what God is like... what we should believe about Him... and what we must do to attain everlasting life with Him.

The idea of some people seems to be that knowledge of God is vague and uncertain... and that each individual can therefore establish his own creed. This ignores entirely the fact that there are certain revealed truths about our Creator which are not subject to personal opinion, and from which we cannot pick and choose as true or untrue.

The Apostles' Creed, for instance, is not merely a pious prayer. It is not just an idealistic declaration, based on conjecture and guesswork. It is a summary of truths revealed to us by God Himself. It is not something which we are free to believe only in part, for to do so is to set our own opinion and will against the specific command and will of God.

This, obviously, is not the intention of people who believe in God and wish to please and serve Him. It is due usually to the fact that many sincere people... while familiar with the words of the Apostles' Creed... do not understand its full meaning and tremendous significance.

As far as Catholics are concerned, the Apostles' Creed sums up our attitude toward God and our religion. We believe, as the Creed

says, not only in God, the Father Almighty, but "in Jesus Christ, His only Son, our Lord, who was conceived by the Holy Spirit, born of the Virgin Mary..." We believe that Christ died for our redemption... that He arose from the dead... that He shall come to judge the living and the dead. We believe in the Holy Spirit, the Holy Catholic Church, the communion of Saints, the forgiveness of sins, the resurrection of the body, and life everlasting.

We believe these things because God told us so. And because we believe them, our faith... and our hope for everlasting life with God... are founded not merely upon a vague and general belief, but upon absolute certainty. As we see it, the words "I believe" in the Apostles' Creed might just as well be "I know!"

Congressional Sidelights

Congressman Wm. M. Calmer

THE FIRST MONTH

The Eisenhower "crusade" is not yet a smooth-running, high-balling express. It is, in fact, getting way to the tune of the jerks and bumps and letting off of steam that should have been expected.

First of the bumps came over the confirmation of several members of the Cabinet who had held jobs in firms doing business with the Government.

Then came the speech of Secretary of Agriculture Benson in Chicago, referring to farm supports as "disaster insurance." The resulting cries of distress and indignation from farm state Members of Congress led to the President's taking occasion at his first news conference to point out that the problem of falling farm prices was an inherited one dating back at least two years.

The extension of the reorganization act was the occasion for yet a third jerk. Through some mix-up in signals the Republican-controlled House Committee on Government Operations reported out a bill giving Republican President Eisenhower weaker powers to reorganize the Government, in keeping with his pledge to eliminate waste, than those enjoyed by Democratic President Truman. Strangely enough, the Democrats on the Committee lined up solidly for giving President Eisenhower the stronger powers. The crossed wires were entangled, however, before the bill reached the floor, and the measure passed overwhelmingly.

This past week the first appropriation bill of the session came up, a bill to provide for deficiencies in the operation of the Government that have occurred since the regular appropriations for the Departments were passed. The appropriations Committee cut the budget estimates from \$2,313,719,590 to \$2,044,672,920, but in its laudable zeal for economy it unfortunately used the meat ax approach by eliminating all funds for schools in defense impacted areas.

Here again the Committee recommendation was contrary to the wishes of President Eisenhower, as specifically expressed in his State of the Union message. But again reason prevailed on the House floor and twenty and one half of the original twenty-four millions requested for schools were restored by a top-heavy vote.

This past week also found the Republican Chairman and twenty-five members of the House Ways and Means Committee working at counter purposes with the Administration on taxes. The Committee reported out a bill to cut personal income taxes back to pre-Korean levels effective July 1, whereas President Eisenhower and his leaders in Congress take the position that there should be no tax reduction until a balanced budget is in sight. Under current law both the excess-profits tax and the increase in personal income tax will expire this year, the first on June 30 and the second on December 31. The Committee action, while on the surface merely making the two expire at the same time, has the actual effect of barring consideration of whether either should be continued at least until the

EMPLOYMENT OF ASSISTANT COUNTY AGENT

Whereas, Mr. P. D. Houston, who has been working as Assistant County Agent, Hancock County, turned in his resignation in order to take employment elsewhere, and Mr. Alton A. Barber has been recommended to this Board to replace the said Mr. Houston; and it appearing to the satisfaction of this Board, that said change is agreeable, it is therefore,

ORDERED that the resignation of P. D. Houston be and the same is hereby accepted and that Mr. Alton A. Barber be and he is hereby employed as Assistant County Agent for Hancock County as of December 1st, 1952.

ACCEPT BID OF WHITEFIELD FOR SIXTEEN SECTION TIMBER

Whereas, this Board at a former meeting, advertised for sale all marked timber on Section 16, Township 9, S. R. 14 W., and Whereas, of the several bids filed with this Board, the following was accepted, to-wit:

"December 1, 1952
Hon. Board of Supervisors
Hancock County, Miss.
Gentlemen:

In compliance with your advertisement of November 3, 1952, in the Sea Coast Echo, for the sale of the marked timber of Section 16, Township 9, Range 14 west, Hancock County, Mississippi, being approximately six thousand (6000) trees, more or less, marked with a spot of yellow paint at the stump and approximately five (5) feet from the ground, I bid the sum of Three Thousand One Hundred Dollars (\$3,100), cash, for said timber.

Enclosed please find Cashier's Check in the amount of One Hundred Fifty Five Dollars, (\$155.00), being five (5%) per cent of my bid.

Respectfully submitted,
(S) SAM WHITEFIELD

And it appearing to said Board that the above bid of Sam Whitefield was the highest and best bid submitted; therefore, on motion of Supervisor Jones, Seconded by Supervisor Lott, the bid of Sam Whitefield was accepted.

Those voting for the acceptance of said bid: Supervisors Jones, Lott and Keller.

Those voting against the acceptance of said bid: None.

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal
Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and gripping disrupt normal bowel action, make you in need of repeated dosing.

When you occasionally feel constipated, get relief now! Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's Senna Laxative is the most effective, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief *comfortably*. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

ceptance of said bid: Supervisor Hubbard stating that in his opinion said sale was not advertised according to law insofar as it did not specify exact no. of trees to be sold, and that forty dollars was paid to have estimate made; and that no report was filed with the Board nor the Superintendent of Education.

PART PAYMENT ON CONTRACT, DISTRICT NO. 2

Whereas this Board, at a former meeting, awarded bid to the firm of Gex and Gex for the hard surfacing of one of the roads in District No. 2 in Hancock County, and

Whereas, the contractors have asked this Board for a payment on said work in the amount of \$11,040.07 and this Board being of the opinion that said work has progressed well over the amount asked for payment and that said payment should be made; it is therefore,

Ordered by the Board that the Clerk of this Board be and he is hereby authorized and directed to issue warrant in the amount of \$11,040.07 out of District No. 2 Road and Bridge Maintenance Fund and payable to the firm of Gex and Gex at part payment on awarded contract.

NOTICE TO BANKS

Be It Ordered by the Board that notice is given to all banks in Hancock County and adjoining counties by publication and the said publication to be had in the Sea Coast Echo, a newspaper with a general circulation in Hancock County, that bids will be received from said banks before Monday, January 5th, 1953, for the privilege of keeping the county funds and for funds collected by the Sheriff and Tax Collector and other public funds, and that said notice shall be given pursuant to Section 9145 of the Code of 1929, and that copies of the minutes shall be given pursuant to Section 9145 of the Code of 1929, and that copies of the minutes shall be mailed in the month of December, 1952, to each and every bank in the adjoining counties. The said notice shall provide that the bids of said banks bidding for the privilege of keeping said funds of said county shall be received at the Board on Monday, January 5th, 1953, meeting of said Board and must be on file by 9:00 a. m. on Monday, January 5th, 1953.

Two kinds of money supply Mississippi Telephone Service

It takes one kind of money to operate and maintain existing telephone facilities in Mississippi, while money of another kind is required to enable us to keep improving our facilities and expanding them to meet the growing needs of the State.

The money paid us by customers for service is "operating money" and is used to pay the day-by-day operating costs, such as wages, salaries, taxes, maintenance and the like.

Wages and Purchases Help Mississippi

Southern Bell paid its 4439 Mississippi employees over 13 million dollars last year and more millions of dollars were spent in the state for supplies, materials and contract labor—all adding to Mississippi's prosperity.

The money required and used for expanding our facilities—construction of buildings and lines, and installation of central office equipment comes from investors... people who are willing to invest their savings in the telephone business. We must pay a fair return for the use of their money.

In order to continue to provide good service and to expand in response to the demand for more telephones, it is essential that the telephone company be financially sound.

Two Members Added To Power Company Board

Two new members have been added to the Mississippi Power Company Board of Directors, L. P. Swett, president of the company, announced this week. They are B. M. Stevens, Sr. of Richton and H. J. Scholz, Birmingham.

"Mr. Stevens' long and successful experience as a country merchant and in civic affairs, both local and statewide, gives him a background of economic knowledge of the area which will be most helpful to the Board," said Mr. Swett. "Mr. Scholz's broad knowledge of all aspects of the electric utility industry will be particularly helpful in the technical side of the business."

Director, Ben M. Stevens, Sr., is a native Mississippian, born in Carrollton, and a graduate of the University of Mississippi. He is the owner and chairman of the Board of B. M. Stevens Company, a large country store in Richton, president of the Richton Ice and Produce Company, and chairman of the Board of the Richton Tie and Timber Company. Mr. Stevens served in World War I and has been active in the American Legion and has been active in the development of Service Men's organizations. Listed in Who's Who in the Methodist Church, he has been a delegate to many conferences. He is a Rotarian, having been President of his Club a number of times, and is now Director Emeritus. For over 25 years he has been Chairman of the Board of Stewards of the Methodist Church and Chairman of the local School Board. He has been Mayor of Richton for 16 years, and prior to that was Alderman. He is a member of KA social college fraternity, Past Master of the Masonic Lodge and has been active in the agricultural and industrial development of the area. Mr. Stevens is married and has three sons and a daughter. His sons and son-in-law are associated with him in his business interests.

Director Herbert J. Scholz was born in California and graduated from Stanford University in Electrical Engineering. He was associated with General Electric Company for several years and served as an officer in the Army during World War I. In 1921 he joined Alabama Power Company and has been with it and its affiliated companies since that time. Upon the organization of Southern Services, Incorporated in 1949, he became a director and its president, the position he now holds. He is a Fellow and a Director of the American Institute of Electrical Engineers and active in its technical committee work in connection with power generation, transmission and distribution and author of numerous technical papers. He is a member of the American Task Committee (1945) making field investigations of technology of German electrical industry; Past Chairman, Power Coordination Committee of Southeastern Electric Exchange; member of U. S. National Committee of Conference Internationale des Grands Reseaux Electriques; Technical advisor to Board of Directors, The Southern Company. Mr. Scholz is a member of the Rotary Club of Birmingham.

Mr. Scholz is a member of the Rotary Club of Birmingham.

Directors of Mississippi Power Company, in addition to B. M. Stevens, Sr., and H. J. Scholz, are: L. P. Swett, S. L. Muths and R. W. Richardson, Gulfport; S. A. Dawley, New York; J. D. Lewis, Hattiesburg; D. P. Garberry, Laurel; B. J. Follman, Meridian; L. W. Seal, Bay St. Louis; and E. A. Yates, New York.

Plan Craft Carnival

The Craft Carnival is to be held Friday, March 7 from 3 - 5 and 7 - 9 p. m. at the Gulfport Recreational Center. This is a display of craft work done by the Girl Scouts. All the troops in the Live Oak Council are participating, including the five troops in Bay St. Louis.

Mrs. Walter Rausch, program chairman of the Bay St. Louis neighborhood council, urges all girls and adults to attend. If there is any difficulty, Mrs. Rausch will assist in procuring transportation for those who desire to go.

A court of awards is being planned for Friday, March 7, at the Youth Center. Mrs. J. B. Goldman will present second class badges and proficiency badges to about 40 intermediate scouts from troops 1 and 4.

Mrs. L. M. Telhiard will leave Saturday for Pensacola to spend several weeks with her son and daughter-in-law, Mr. and Mrs. D. B. Telhiard and children.
